

e-Z Range | e-Z80

**Robust performance
without unnecessary
configuration complexity**

Benefits

- Ideal for standby, emergency, and static prime power installations.
- Cost-Effective: Provides essential power generation at a competitive price.
- Quality Engineered: Powered by a reliable Volvo Eicher.

Technical Data

| | |
|-----------------------|--|
| Voltage: | 380V – 415V |
| Frequency: | 50Hz |
| Controller: | DSE 7320 |
| Noise level: | 85 dB(A) |
| Environment: | Outdoor use |
| Handling: | Forklift pockets + central lifting point |
| Prime power: | 80kVA – 66kW |
| Stand-by power: | 88kVA – 72,6kW |
| Current: | 115A |
| Dimension: | 3.100 x 1.100 x 1.585 mm |
| Fuel tank capacity: | 135 l |
| Weight: | 1.700 kg |
| Engine: | Volvo Eicher |
| Alternator: | Nidec |
| Socket configuration: | 1 x 125amp, 1 x 63amp, 1 x 32amp, 2 x 16amp (230V) |
| Emissions: | Non-emission regulated – EU/US: stationary applications only |
